# INTRODUCTION

Government Government Maharaj Acharya Sanskrit College, Jaipur was established in the year 1852 by Maharaja Sawai Ram Singh Ji (1835-1880). It is one of the four institutes started in India to propagate and patronize Sanskrit language and literature in 1850s. This college has greatest repositories of knowledge systems and the vast treasure of ancient literary tradition in Sanskrit. Since its beginning this college is dedicated to conserve and cultivate the age old Indian Values. The college is recognized as the higher education institute, which provides opportunities to the students to acquire knowledge in traditional and modern subjects simultaneously. This is the only college in Rajasthan where all subjects prescribed by Sanskrit University are taught. With the passage of time this institute has emerged and evolved as a unique institute contributing to re-establish the Indian ideals and values through Vedic thought.

The college provides a holistic development to the students in consonance with the emerging national and global trends in higher education. The college offers education in all the four Vedas (Rigved, Shukl-Yajurved, Samved, Atharved) Jyotish (Falit and Ganit), Navya-Vyakaran, Dharmshastra, Sahitya, Sanskrit-Vangmay, Samanya-Darshan, Nyay-Darshan, Jain-Darshan, English, Hindi, Political Science and History. While patronizing the oriental studies the institute is well aware of the modern era challenges of higher education. Presently a huge badminton court of international standards is under construction. Students are always encouraged to participate in extra-curricular activities. The college has a tradition of organizing cultural, sports and literary events throughout the year.

This college is affiliated to the Jagadguru Ramanandacharya Rajasthan Sanskrit University, Jaipur and examinations are held as per the guidelines provided by the university. The college has arranged a well-equipped computer lab, besides having computers, smart boards, high speed Wi-Fi for the students. The College has a very rich library comprising of ancient manuscripts and books of modern subjects. Teachers use e-contents. In order to enrich ICT enabled teaching and learning, the Geervani App has been developed by the Directorate of Sanskrit Education for which the institution has been designated as the Nodal institution. The IQAC cell continuously works for academic and infrastructure development.

## Vision

This institute aims at re-establishing the Indian ideals and values through Vedic thought. The institute aims to produce socially responsible citizens. The institute is working with the objective of preparing students with skills of self-employability. Establishing peace, prosperity and harmony in India and the world by spreading the teachings of Vedas. The techniques of traditional Veda chanting are taught to students and they are introduced to the belief that recitation of Veda is always a prayer for establishing peace all over the world. Yajnas are performed on regular basis by students under the supervision of experienced teachers. We aim to bring out the precious knowledge contained in ancient Sanskrit literature.

# Mission

This institute has produced several scholars, Dharmacharyas, Shankaracharyas, social workers and citizens of repute (**Saraswati Shruti Mahati Mahiyatam**) **May the Sanskrit language, enriched by Vedic scriptures, gain prestige everywhere in the world.** is the motto of this college and observing it as a mission, the institute is moving ahead. Keeping the above given fact in view, the college has assigned itself the following general and specific goals-

- Developing moral values and leadership qualities in students.
- To attain excellence in higher education.
- To motivate youth to study Indology and Hindu philosophy in particular.
- To provide platform to the students to interact through various conferences, workshops, exhibitions etc.
- To provide students an ideal educational environment, where they can grow into responsible citizens.
- To create awareness among the students through various extension activities.
- To impart education of ancient Indology using the latest IT enabled tools.
- To develop the moral values and leadership qualities in students.
- To compete with other higher education institutes in providing the students the opportunities for holistic development.
- To enhance practical knowledge of Karmakand and Paurohitya, Jyotish and Vastu in students.

Keeping in view the all-round development of the students, they are provided with a congenial atmosphere. Efforts are made by the administration and teaching staff that teaching - learning process is truly participated by student so that a mutual understanding is developed in and out of the classroom. Students are given the freedom to choose the subjects as per the guidelines of the University. The college is affiliated to JRRSU and the syllabus is followed as laid down by the JRRSU and UGC.

The faculty members of the college have been entrusted with various responsibilities other than teaching e. g. they are members of BOM, subject expert, convener, dean in various Universities and, education boards etc.

# Institutional Development Plan

## Summary

With the aim of implementing National Education Policy 2020 institute has prepared a document retaining to curricular co-curricular and extra-curricular activities. The institute has the vision that a student passing from here is prepared as a prized citizen of India, having imbibed the age old values.

The institute is committed to provide student an environment conducive for their growth and all round development. For this, infrastructure is the priority and we aim to have spacious and well equipped classrooms, good library, well equipped gymnasium, seminar halls, eco-friendly campus, proper sanitization and drinking water facility.

Maintaining a clean, green campus and updated teaching techniques is prime concern for the administration, and the required road map is visualized and worked. To achieve the best at the beginning of every session various committees are formed and assigned the goals to fulfill. These committees provide opportunities to the student to grow as a citizen to serve the society. The faculty with all other resources works to improve the employability of students. This Sanskrit college focuses on blended mode of teaching. The administration with a strategic plan works on enhancing the efficiency and effectiveness of various support systems available. The institute aims at developing inclusive higher educational system. The Yajna Shala is an important feature of the teaching learning activity, so is digital competency. All educational needs in the contemporary world are assessed and the institute work on bridging the gap and execute the plan.

## Infrastructure

Activities	Proposed Plans	Expected Outcomes
General infrastructure development goals for the next 5 years	<ul style="list-style-type: none"><li>➤ Betterment of existing classrooms</li><li>➤ Air conditioning in remaining laboratories</li><li>➤ Clean and hygienic toilet facilities</li><li>➤ Repair of road inside the boundary</li><li>➤ Constructing a good pathway leading to auditorium</li><li>➤ Plan to upgrade the gym with more equipment</li><li>➤ A shooting range is being planned for NCC cadets</li></ul>	Maintaining a good infrastructure to enhance quality education

Specific infrastructure development goal	Shifting of library to a big hall with required facilities, proposal of the plan is ready.	Upgrading the existing learning management system
